Allegan Riverfront Plaza
Current Riverfront Area

- No business connection to river
- No central place to gather
- Not pedestrian friendly
- Does not take advantage of riverfront access
Project Timeframe

- Project conceptualized in Summer 2014 at behest of MEDC for CCF Program

- CCF took much longer than anticipated to roll out and was not awarded until December 2014.

- The delay helped as it allowed us to also apply for a MCACA from the MEDC.

- Project team kicked-off moving from preliminary design to design development in mid January 2015
Funding

- Project Budget: $477,812
- MEDC Core Community Fund Grant - $250,000
  - Plaza Construction
- MCACA Capital Improvement Project Grant - $52,812
  - Performance Stage Construction
- Allegan DDA - $5,000
- Allegan Sinking Fund - $170,000
Riverfront Plaza Plaza Features
